The Hong Kong Polytechnic University

This Sex Therapy Certification Course is an intensive training program that is 3rd time offered in Hong Kong for postgraduate mental health practitioners, medical doctors, nurses, social workers, counselors and rehabilitation professionals. The course consists of minimum 130 course hours, and 20 hours of individual and group supervision, which are the legislature requirements for using the title as sex therapist in the State of Florida, U.S.A.

The focus of this program is on understanding the significance of human sexuality as it plays out in treatment situations from childhood throughout the life span.

Sex therapy is a specialized psychotherapeutic modality often utilizing short-term approaches. The sex therapist deals openly and directly with sensitive and painful issues. Practitioners who work with incest victims and disturbed marriages will gain expertise in specific treatment techniques.

Upon completion of the course work, participants will be able to:

1. Re-evaluate own sexual attitudes
2. Recognize the major bio-psycho-social factors that share sexual functioning
3. Specify counseling techniques and interventions for patient(s) presenting with sexual dysfunction, disorders and paraphilias
4. Specify ways to encourage loving relationships between partners
5. Learn basic sexual rights and ethics
6. Differentiate physical and psychological causes of sexual dysfunction
7. Assess the impact of diseases, drugs and disabilities on sexual functioning and relationship
8. Be aware of the latest research in clinical sexology
9. Understand sexual health issues and sexually transmitted disease

10. Be able to provide sexual rehabilitation for people with disabilities
11. Present a full sex therapy case study
12. Be recognized as certified sex therapist by the State of Florida, USA
13. Be eligible for certified membership of HKASERT
14. Be eligible for general membership of AASECT
