Dear Colleagues,

Re: 4th Sex Therapy Professional Certification Course 2011

With the success of the last three Sex Therapy Professional Certification Courses, our Association is pleased to co-organise again with the Florida Post-Graduate Sex Therapy Institute to hold the 4th intensive practicing certification course commencing in September 2011. This course is approved by the American Association of Sexuality Educators, Counselors & Therapists (AASECT) for continue education credits.

Our Association is formed by the sex therapy course graduates, sex educators and sexologists in Hong Kong. The main mission of our Association is:

- To advance the professional standard and practice in sexuality education, research and therapy;
- To promote professional development in the area of human sexuality; and,
- To promote sexual health in the community by the development and advancement in the fields of sexuality education, research and therapy.

This course is an intensive postgraduate training program that fulfils Florida State Legislature for Sex Therapy Certification in the US. Graduates of the course will be eligible for certified membership of the Association, as well as gaining credits toward certification by AASECT.

I am pleased to attach the course e-pamphlet and application form with more details. I would also greatly appreciate if you could kindly circulate the information to other colleagues who may be interested.

We look forward to the opportunity to meeting you in the course.

Sincerely,
